Miros

Mobilierul nou poate emana mirosul materialelor din care este confecționat. Mirosul poate persista până la trei săptămâni după instalare. Pentru a reduce intensitatea mirosului, se recomandă:

- în cazul mobilierului tapițat - aspirați produsul și ventilați camera. Repetați de 3-4 ori pe zi.
 - pentru dulapuri - ștergeți cu o lavetă înmuiată într-o soluție cu puțin săpun delicat, ștergeți cu o lavetă curată și uscați, apoi ventilați camera, deschizând mai întâi toate ușile și sertarele produsului. Repetați de 3-4 ori pe zi.
- Important! Păstrați instrucțiunile în cazul reasamblării sau reclamațiilor. La depunerea unei reclamații, vă rugăm să utilizați marcajele din manual.

AVERTISMENT! Căderea unui obiect de mobilier poate cauza vătămări grave sau fatale ca urmare a strivirii.

FIXAȚI întotdeauna acest obiect de mobilier de perete cu limitatoarele. Șurubul inclus este utilizat pentru pereții de cărămidă și beton. Pentru montarea pe perete, utilizați accesoriile de

fixare potrivite pentru materialul peretelui; dacă nu sunteți sigur ce tip de fixare este potrivită pentru materialul peretelui, contactați un specialist sau un magazin specializat. Montatorul este în cele din urmă responsabil pentru fixare. Pentru a reduce și mai mult riscul de vătămări corporale grave și deces ca urmare a răsturnării mobilierului:

- Așezați cele mai grele obiecte în sertarul de jos.
- Nu așezați obiecte grele în partea superioară.
- Nu permiteți niciodată copiilor să se urce pe sertare, uși sau rafturi.
- Utilizați mobilierul în scopul său destinat.
