Ax1

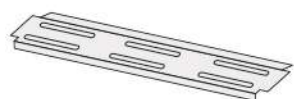

Bx2

Dx2

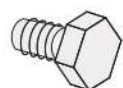

Ex2

Fx1

M1x16

M2x2

M3x2

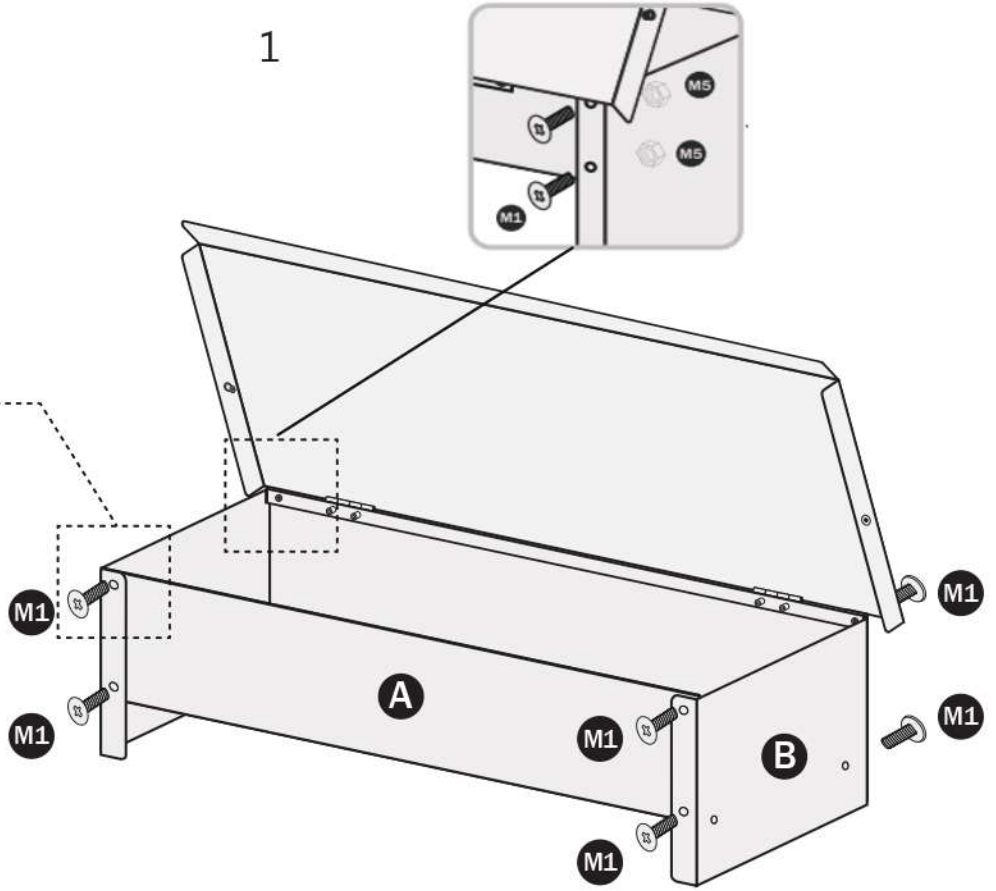

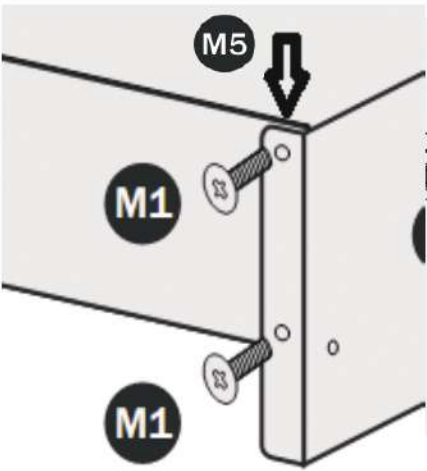

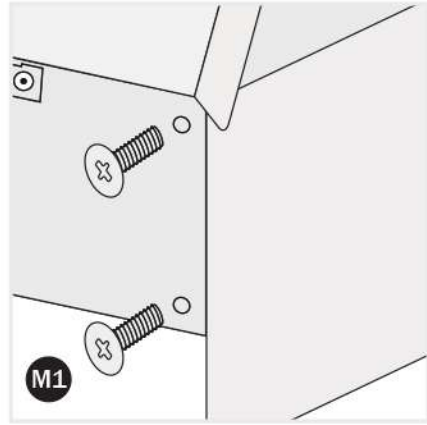

M4x2

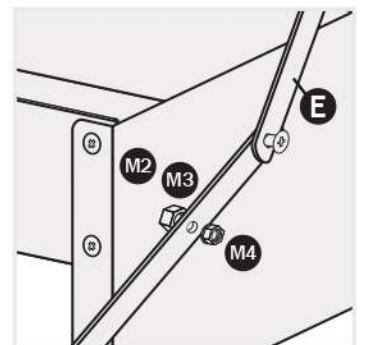

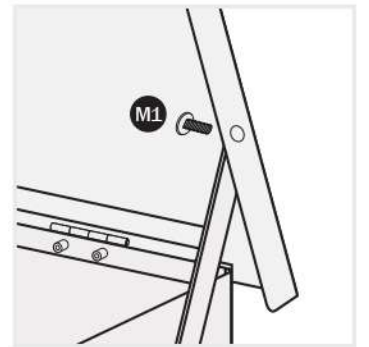

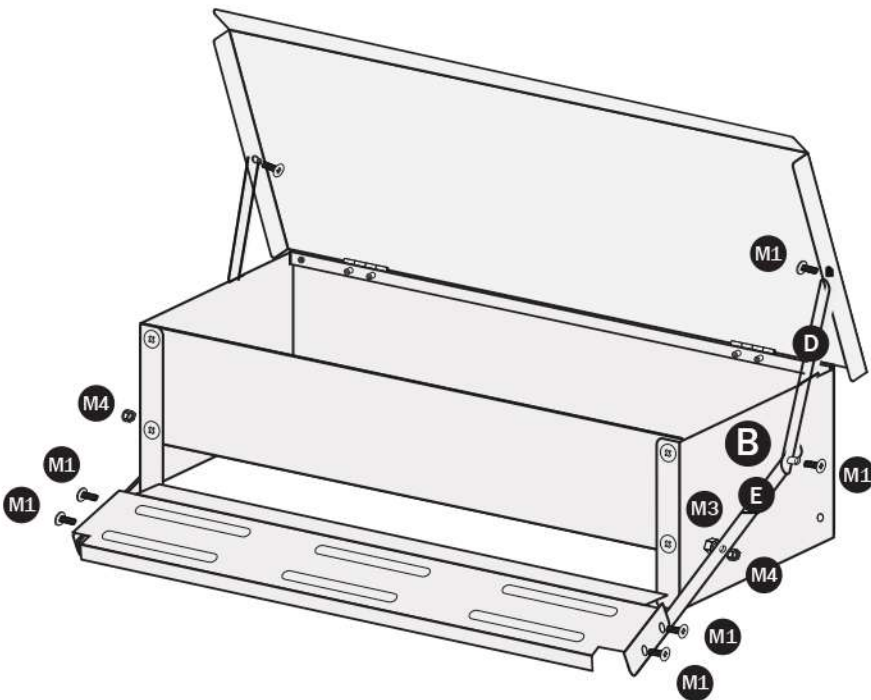

M5x8

1

2

Poznámka: Nechajte menší priestor medzi časťou B a železnou tyčou E a medzi skrutkou M3 a skrutkou M4 (M4 má na jednej strane zarážku, aby sa predišlo vyskrutkovaniu niektorých skrutiek. Skrutka M4 je hrubšia a mala by byť umiestnená vonku).
