Namještaj uvijek pričvrstite na zid graničnicima! Prilikom montaže na zid koristite tiple prikladne za materijal od kojeg je zid izrađen. Ako niste sigurni, obratite se stručnjaku.

Krajnja osoba koja je odgovorna za pravilno pričvršćivanje je osoba koja izvodi montažne radove.

Pri korištenju namještaja zabranjeno je:

- namještaj postaviti u blizini uređaja za grijanje, uz vlažne zidove ili u prostorije s relativnom vlagom većom od 70%.
- namještaj izlagati temperaturama radijatora koje prelaze +40 °C.
- stajati na vodoravnim pločama i vitrinama tijekom montaže i uporabe namještaja.
- za čišćenje namještaja koristiti kemijska sredstva za čišćenje.
- namještaj izlagati vodi.

Oprez: ako u namještaju postoje elementi koji bi mogli uzrokovati oštećenje, moraju se ukloniti:

- namještaj uvijek pričvrstite na zid pomoću graničnika.
- pri montaži na zid koristite tiple prikladne za materijal zida. Ako niste sigurni, obratite se stručnjaku.

Krajnja osoba koja je odgovorna za pravilno pričvršćivanje je osoba koja izvodi montažne radove.

- pridržavajte se maksimalnog opterećenja.
